

# Civil Youth Schools' Survey

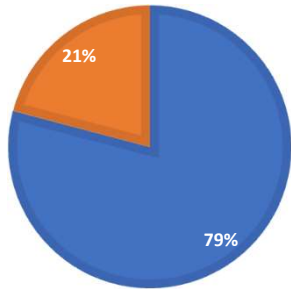

A youth group commissioned by the Civil Society Futures Inquiry undertook the task of compiling a survey for 750 year 8 (aged 12-13) pupils from schools in Bradford, Manchester and Liverpool.

The responses have been anonymised and amalgamated to produce the data below and the average score for how positive students felt about their future was 8/10.

- How many young people have we surveyed: Over 750
- How many have responded: 732
- Which cities did we survey: Bradford, Manchester, Liverpool
- Age of respondents: 12-13
- Gender of respondents: Male & Female
- Types of school: State School
